## Map Sales Summary – complete to 20/8/20

Map sales accelerated in May and stayed high in June and July.

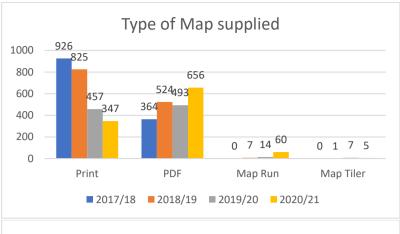

August is not a complete month but sales already exceed all previous years

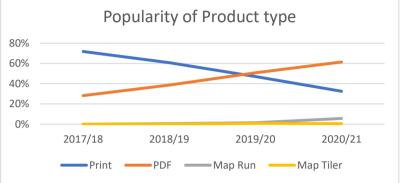

As for map numbers, revenue excellent.

In 4 and a half months we have sold almost as many maps as in 10 months of 2017/18 and 2018/19.

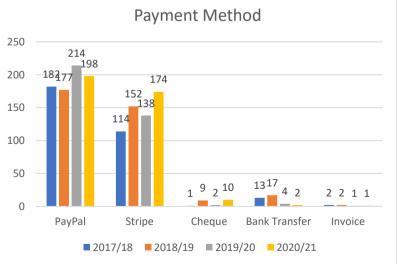

We have already exceeded map sales made in the full year of 2019/20 (grey line)

Sales revenue mirrors numbers and is predicted to easily exceed sales in recent years

Pdf sales continue to grow in popularity, with print falling.

Print orders are bolstered this year by sales to Teggs and Longford Park

Map Run seems to be catching on, "sales" to club members helped

The info in the previous chart shown in a different way

And for the current year only.

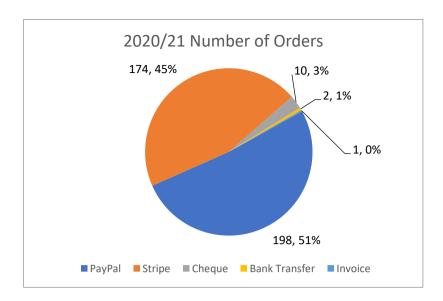

Pdf by far the most popular

Paypal and Card (Stripe) dominate

Cheque are almost exclusively John and testing new map uploads.

Bank transfers very rare

Invoices are PayPal invoices for larger orders, ie Teggs Nose

The table below shows the popularity of each POC based on number of maps sold and ranked in descending order of maps sold so far in 2020/21.

- Teggs Nose leaps up the charts following a bulk order of 100 maps, but they've never been out of the top 20
- Longford park leap up by 23 to #3, a nice little park but they'll never make number 1
- A pack of "the usual suspects" as non-movers in the charts
- A few gaining many chart places are Reddish Vale, Woodbank, Boggart and Moses Gate Cromptons Lodges is this a result of high local population looking for something to do during lockdown?
