

OPEN REGISTRATION

Preventing Suicide in Persons Impacted by Intimate Partner Violence and Trauma

August 24, September 28, October 20, 2021

9:00 AM – 12:00 PM CST

[Register Here](#)

Please join the Missouri Department of Mental Health and the Missouri Behavioral Health Council by registering for one of the available training sessions.

Education Development Center (EDC) is launching customized, state-based trainings on suicide prevention for mental health professionals, DV/IPV advocates, and others working with survivors of violence and trauma working within Missouri. Since suicide risk among domestic violence survivors is higher than the average population, it is important for professionals to feel confident and informed about how to identify and triage risk. Please see the registration link below for additional details.

We hope you can join us.

IMPORTANT CONTINUING EDUCATION INFORMATION:

- All attendees must be registered and logged in individually to the virtual event.
- Please log in 5-10 minutes prior to the start time to work out any potential technical difficulties before the event begins.
- Attendees must be logged in for the full event time to receive continuing education. If an attendee is not listed on the generated attendance report for the full event time, continuing education cannot be awarded. MBHC retains the attendance report for auditing purposes.
- If an attendee experiences technical difficulty and is not listed on the attendance report for the full event time, continuing education cannot be awarded. MBHC retains the attendance report for auditing purposes.
